STATEMENT. This company was organized for the purpose of constructing and operating a Brewory in the city of Manila, Philippine islands, and engaging in a general browing

business in the Philippine Islands. The Company has been duly incor-perated, registered as required by law, and leence authorizing the company to engage in the above business has been duly issued

by the proper authorities. The liability of each stockholder for the debts of the Company is limited to the amount of stock for which he subscribes. The profits which have accrued from tho sale of beer in these Islands since American occupation have been enormous, notwithstanding the fact that in no sense has the

field been explored. During the six months ending Novemper 30th, 1900, 69,657 barrels of bottled beer were imported into the Islands, which s approximately 140,00% bbls, per annum. Beer brewed in America for these Islands must be specially prepared to make it

keep for exportation. The same beer brewed in Manila would befree from this special preparation, as well as the deterioration incident to a long ocean voyage, and, of necessity, would be correspondingly superior to the imported article, in view of which it is confidently

expected by the gentlemen interested in the promotion of this enterprise that the markets for beer in the Philippine Islands will pass absolutely into the control of this corporation shortly after it has placed its first brew on the market, because it will be of the best possible quality and rigorously held to that standard. It is reasonably expected that the future

demand will much exceed the past or present if for no other reason than that beer of a quality much superior to the imported will be obtainable at greatly reduced prices. This is readily understood when freight, insurance, duties and cheap manual labor are taken into consideration. It is too well known to require argument that enormous fortunes have been made in beer brewing elsewhere and that there is every reason to believe that the same thing

THE MARTYRDOM AT

The following (says the N.-C. Daily News of the 29th March) is the first account that has reached the coast of the murders at dinary Spring Tides, which has been found Taiyuanfu in the yamen of Governor Yu Heien by an actual eye-witness, a Christian who escaped with his life, and whose absolute trustworthiness is vouched for by Dr. Creasoy Smith, who sends the account from Peking. It is known that the missionaries, men and women, Catholic and Protestant, met their death with a heroism that moved the admiration even of their

executioners. The account is as follows :-I, Young Cheng, am a member of the Baptist Church, and was baptised by Pastor Farthing 18 months ago (I witnessed it, J.A.C.S.). For some months previous to the massacre I had been living on the Baptlat Mission Society's premises at T'aiyunnfu, having a sickness which was being troated, and spending my time in study of the Scriptures. When Dr. Edwards's Hospital was burnt down I returned to my home (June 28th). I returned to the city, however, from Loupu, and was on the 8th July at the village of Tiets un, about 10 li S.E. of T'aiyuan, about 3 in the afternoon, when Isaw Pastor Pigott of Shouyang, with his wife and son, . gentleman (Mr and two girls (At water girlies), going along Mrs Angus in two carts.
